SPIDER FREE FALL

LA ARAÑA

Live the spider life (without the extra legs!) on the Spider Free Fall! Begin on the "web," a diagonal net that slowly ascends from the ground to a treetop platform. Next, take a leap of faith using our guided free fall system, a first in Manuel Antonio. This state-of-the-art system allows participants to smoothly glide to the other side of a ravine, where a second net is waiting to provide a comfortable, cushioned landing. This completely unique experience is not to be missed!

Directly next to our "rancho," the MidWorld Garden is the perfect place to relax before/after your meal. With different plants and flowers to attract multiple species of hummingbirds and butterflies, this short walk will bring you close to some of Costa Rica's most majestic winged creatures.
